The Monthly Newsletter of the Evansville Bar Association

PRESIDENT'S MESSAGE

By: Erin Bauer

MARCH.

Apparently, Punxsutawney Phil was not kidding this year! I hope you all have shoveled out of your driveways by now and managed to escape February without breaking something on the ice. I also hope you were able to take a snow day or two and sled with your kids or read a book by the fire. Maybe March will bring some tolerable weather.

While we were snowed in, the EBA hosted the Regional High School Mock Trial Competition. Six high school teams competed in the virtual event with the top three teams – Signature School (Taycan Takeout), Adams High School (Mock Block), and Early College High School (Guardians of the Courtroom) – advancing to the state competition. Two additional teams – Castle (igKNIGHTed) and Signature School (Arson Daily) – advanced to the state competition as wildcard teams. Thank you to all of you who took time from your Valentine's Day weekend to judge the competition. Notably, our young lawyer members really stepped up, and it was great to see participation from our newest members of the bar.

The National High School Mock Trial Championship will take place in Evansville (virtually) on May 14 and 15, 2021. Teams from all over the world will compete in that competition. Volunteers will be needed to participate as presiding judges and scoring judges. Sign up now—<https://2021.nhsmtc.org/actions/register/>. We will send information about other volunteer opportunities as the dates draw nearer. Although we really would have loved to have hosted the event in-person, we are excited and honored to be able to participate in any way we can.

Finally, please check your emails from the EBA as it is offering some exciting CLEs throughout the months of March and April. The always-popular New Lawyer Bootcamp is scheduled to take place on March 31, 2021 beginning at 1:00 p.m. It seems like yesterday that I was listening to Judge Heldt instruct me and other young lawyers attending the Bootcamp to dress appropriately for court and stand up when addressing a judge. If you or your firm have new attorneys, please send them to the Bootcamp. It is a great opportunity for our newest members to meet the judges, receive a refresher on courtroom etiquette or simply find out where the clerk's office is located.

VLP News

By: Senior Judge Corcoran and Susan Vollmer

As many of you know, our courts continue to deal with a high number of housing, landlord/tenant, and utility collection matters brought about because of the pandemic. Thanks to all of our volunteers who have continued to assist area residents through our Talk to a Lawyer Hotline, our help desk at the Small Claims Court, and by serving at our weekly clinics at the Law Library. All of these efforts help reduce the burden on Indiana Legal Services and the Legal Aid Society of Evansville by providing a place for individuals with simpler matters to get the help they need.

VLP's number one need, however, remains those applicants who really need an attorney. So, by taking a case, our staff and other volunteers can continue to devote time to other pandemic services like the Court's help desk. If you can take a case or would like to otherwise volunteer, please contact Scott Wylie at vlpwylie@sigecom.net or call him at (812) 402-6303.

LRS

DID YOU KNOW...

...the EBA has a Lawyer Referral Service?
Let us refer potential clients to you! On average we receive 125 calls per month.

For more information on how to become a member of the LRS, contact Ashley at Ashley@evvbar.org or (812) 463-3201.

<https://2021.nhsmtc.org/actions/register/>

The National High School Mock Trial Championship will take place in Evansville (virtually) on May 14 and 15, 2021. Students from around the United States and abroad will take part in this event. Volunteers are needed to participate as presiding judges and scoring judges.

QUESTIONS? Contact Julie Moore Holtz at (812) 463-3201 or Julie@evvbar.org.

Daniel Robinson, Jr.,
President

As I wrote about last month, the fiscal year for the Evansville Bar Foundation will be rolling over soon. With that, there will an opportunity for new members to join the board. While the time commitment is not significant, the impact of the Foundation is. If you have ever thought about joining the board in the past, now is the time. The board will meet in April to discuss the new slate of members and will formally vote on that slate at our May meeting. Please reach out to Julie (julie@evvbar.org) or me (drobinson@fslegal.com) if you have any questions.

In other news, I am very pleased to report that the Foundation had the best fundraising years ever last year—during a pandemic—raising over \$18,000! Thank you for your generosity and support! Let's all make 2021 even better! If you have not already sent in a donation for this year, please feel free to use the link below to make your gift today.

WE ARE THE EBA

Lauren McElroy, Counsel, Stoll Keenon Ogden

13 years with Stoll Keenon Ogden; mineral law and trusts & estates

Why did you become an attorney? To complement my business background (B.S. in Accounting and B.B.A.).

What are your hobbies? I'm always coming up with new projects and hobbies, but my passions are running and yoga.

What was your first job? During high school, I worked after school as an office and accounting assistant at a manufacturing business.

How many pairs of shoes do you own? Too many to count!

If you could live anywhere, where would that be? Somewhere on a beach.

If you could only eat one meal for the rest of your life, what would it be? A fresh green salad because there's such a huge variety of toppings and dressings it would be hard to get bored.

What's your favorite item in your office and why? The great view of downtown Evansville.

What is one thing you will never do again? Run an overnight relay race.

What is something on your bucket list you've completed? I've run two marathons - Atlanta and Chicago. **What do you still want to do?** Yoga teacher training.

John Thomason, Member, Stoll Keenon Ogden

22 years in practice; mineral law, real estate law, renewable energy – wind and solar

Why did you become an attorney? I became an attorney because I enjoy helping others, and I wanted to use my skills in a fulfilling career. I also enjoy reading and writing, so that helps.

What are three (3) fun or interesting facts about you that people may not know? 1.) I grew up and lived in Henderson, Kentucky for 40 years. 2.) I have never been admitted to the hospital. 3.) I once had a picnic on a beach north of the arctic circle in Alaska.

Tell us a bit about your immediate family. My wife is Marjory and we have three children, Elodie age 12, Matis age 9, Iban age 6 and a dog named Molly.

What is your favorite movie? Star Wars Episode IV – A New Hope – It was the first space movie I saw as a child and I will never forget the way it expanded my imagination.

What celebrity would you like most to meet for a cup of coffee? Bill Gates – I have always been a

computer nerd and his achievements have amazed me for years.

If you could only eat one meal for the rest of your life, what would it be? Pizza – because as a child I used to tell my parents I just wanted to eat pizza because it represented all of the main food groups.

If you could live anywhere, where would that be? Biarritz, France so my wife could closer to her family and my children could experience a different culture.

When you're not working, what are you most likely to be doing? Using my iPhone.

If you could brush up on a skill or work on a new one, what would it be? I would learn how to write code to create apps and programs.

What is something on your bucket list you've completed? I have completed four Ironman distance triathlons. I used to watch the Ironman on television and say to myself I could never do that. **What do you still want to do?** Although I am scared of heights, I would really like to make a summit attempt on Mt. Everest.

Who inspires you? Jesus

If you could not work for 1 year, what would you do? Go back to school and learn something new.

K.T. Williams, K.T. Williams Law

In practice 20 years; KT Williams Law PLLC since 2015; estate planning, elder law and business

Why did you become an attorney? Restlessness... Reflecting on the decision to become an attorney, among many other decisions I've made over the years, I find a sense of restlessness at the heart. I was working as an accountant in a regional CPA firm, Riney Hancock & Co, surrounded by great people. No reason to leave. But I felt restless, unconvinced that my future was in accounting. So to law school I went.

What was your first job? Mowing yards in my small town before turning 16.

If you could live anywhere, where would that be? Rocky Mountains of Colorado...there's no place I'd rather be.

What is one thing you will never do again? During my first trip to Colorado, I wandered by a small cactus with brightly colored flowers sticking out from the cactus stem. The quills on the stems were warning enough to stay away from the plant's body. But the flowers were a different story. Shaped like dainty tea cups, the tip

of each flower was covered in tiny filaments that glistened in the sun like dew covered eyelashes. They looked so soft. There was no reason to fear the flower. I decided to carefully touch the tender cactus flowers. Avoiding the menacing spears on the cactus stems, I carefully reached for the flower and touched its tip. My finger only reached the hairs before I jerked it back. The hair-like filaments felt like fragile spears of razor sharp glass. They embedded deep in my finger then broke easily from the flower, leaving no portion visible above the skin. But there was no mistaking their presence and the effect of those tiny cactus flowers. For 2 days, anything I touched was a reminder. I will never touch a cactus flower again.

When you're not working, what are you most likely to be doing? Lately, I'd be found reading or trying to complete a workout.

If you could brush up on a skill or work on a new one, what would it be? The difficulty in this question is narrowing the answer to one thing. I want to do so many things.

What is something on your bucket list you've completed? I hiked a 14er. A 14er is a mountain peak with elevation measuring at least 14,000 ft. **What do you still want to do?** See the giant sequoias and redwoods, grand canyon, start another business, decide what I'm going to be when I grow up....
